

**For Immediate Release:
STREETLIGHT INTELLIGENCE INC. ANNOUNCES ASSET SALE
TO LED ROADWAY LIGHTING LTD**

Victoria, British Columbia, November 21, 2011 – Streetlight Intelligence Inc. ("SLQ" or the "Corporation"). The Receiver-Manager of Streetlight Intelligence Inc., G. Powroznik Group Inc. of G-Force Group, announces that on November 15, 2011, the Supreme Court of British Columbia approved the sale of substantially all of the assets of the Corporation and its subsidiary, Streetlight Intelligence International Ltd., to LED Roadway Lighting Ltd. of Halifax, Nova Scotia (the "Sale"). The Sale closed on November 18, 2011. LED Roadway intends to continue to operate the Streetlight business out of Victoria, B.C. for the immediate future. The Sale culminated an extensive four-month marketing and sales program by the Receiver, during which over 100 targeted parties generated 23 serious prospects, ranging from small investment groups to large conglomerates, and a range of industries and countries.

The proceeds of the Sale are anticipated to cover the costs of the receivership, certain statutory secured claims, including from former employees, and a partial payment to the first priority creditor, Hydro Ottawa Holding Inc. There will be no recovery for the remaining secured or unsecured creditors or the shareholders of the Corporation.

About Streetlight Intelligence Inc.

Streetlight Intelligence Inc. develops advanced street light optimization systems. Trademarked as Lumen IQ™, SLQ's technologies provide improved lamp performance, adaptive lighting control, and system-wide communications for centralized street light management. SLQ's systems enable street light operators to significantly reduce their community's energy consumption, maintenance costs and environmental impact.

About LED Roadway Lighting Ltd.

LED Roadway Lighting Ltd ("LRL") is a leading provider of LED-based outdoor lighting solutions with more than 300 municipal, utility and commercial customers in 24 countries. Located in Nova Scotia, Canada, with corporate headquarters and a research and design facility in Halifax and a 55,000 square foot LED and electronics manufacturing facility in Amherst, LRL offers a complete range of LED-based street and area lighting fixtures that meet or exceed IES, CIE and IDA requirements. LRL's products are RoHS compliant (free of lead and mercury), provide energy savings of up to 80% and substantially reduce maintenance costs.

SLQ is a public company listed on the TSX Venture Exchange under the symbol "SLQ". For more information, visit www.StreetlightIQ.com or contact the Receiver:
